Perverto is just a regular teenager
with the unavoidable nickname, "pervert."

He's actually quite naïve
about sexual matters,
his only romance
having ended terribly.

To escape his perverted reputation,
he transfers to a new school.
But on his first day, he's falsely accused
of groping a fellow student, Hongdan, on the subway.

The real culprit
is a math teacher who is an expert
at sneaky perverted behavior
and he's targeted Hongdan.

She has a voluptuous body and mysterious bruises,
and Perverto is smitten with her.

Yet, when Hongdan expresses
romantic interest in him,
Perverto recalls the hurtful memories
of his first love and runs away screaming.

Will he survive his new school? The true nature of Perverto
wiggles to the surface in volume 1 of this sexy new series!

Vol. 1

From the Author

When I look back on my young love, I think it was rather more physical and animal-like than platonic. Our youthful curiosity about the other sex's body is at its peak, but because we're still ignorant we imagine ourselves becoming a pervert every day. If you think about it, love at that age may be appealing mostly because of the enormous physical desires that are hidden behind the mental aspect of it.

I drew this story while channeling the desires of that time.
